## A HALT IN THE WAR SCARE.

An International Conference Will Be  
Called to Consider the Bulgarian  
Situation—Austria-Hungary's  
Proclamation Today.

Constantinople, Oct. 7.—All immediate danger of war between Turkey and Bulgaria appears to be past. The

decision of the ministerial council after an all night session commits the government to wait the result of an appeal to the powers to take measures to insure the observance of the provision of the treaty of Berlin. A copy of the protest against the violation of the Berlin treaty has also been forwarded to Bulgaria, although many experts on international law say that Bulgaria's action does not constitute a violation of the treaty, as it has merely asserted its independence of foreign rule.

The sultan has sent a personal reply to Ferdinand's note announcing that Bulgaria had declared itself independent of Turkey. In his answer the sultan says that the rights of Turkey are guaranteed by the powers and that therefore it is obliged to depend on them. It is understood that Russia has promised Turkey support.

The young Turks committee here has issued a statement saying that it regards the situation as grave and demanding extreme caution. It wishes to avoid war, but advocates, in addition to protesting to the powers, the inauguration of a tariff war against Bulgaria, the expulsion of the Bulgarian bishops from Turkey. If Austria carries out the annexation of Bosnia and Herzegovina, they advocate a general boycott of all Austrian goods and commerce, which would be a severe measure, as Austrian trade here is large.

The committee in Saloniki also issues a proclamation declaring that Bulgaria's declaration of independence and Austria's announced intention to annex Bosnia and Herzegovina are both violations of Turkey's rights. The committee protests in the name of humanity against the ill-feeling that is entertained by Austria-Hungary and Bulgaria toward a people which is progressing in the direction of liberty. The committee appeals to the public opinion of Europe against what it calls an attempt on the most sacred rights of a nation. The reported mobilization of Bulgarian and Turkish troops near the frontier is officially denied.

## THE TWO BIG BILLS MEET

"How Happy I Could Be With Either  
Were the Other Dear Charmer  
Away."

Chicago, Ill., Oct. 7.—W. J. Bryan and W. H. Taft, rival candidates for presidency of the United States, met tonight at the fourth annual banquet of the Chicago Association of Commerce. The meeting is said to have been the first of its kind since the Lincoln and Douglas campaign, preceding the Civil War.

Intense interest in the meeting had been manifested since it first became known that the two candidates were to meet in public, and every seat in three banquet halls at the Auditorium Hotel thrown together for the occasion, was occupied when the first course was served, save only a commodious chair reserved for Judge Taft.

At the speaker's table when the speech-making began there were the following: LaFayette McWilliams, W. N. Higginbotham, John V. Farwell, Walter H. Wilson (representing Mayor Busse), Dr. Emil G. Hirsch, David R. Forgan, Mr. Taft, President Richard C. Hall of the Chicago Association of Commerce, John G. Schedd, Charles S. H. Wacker, President Kavanaugh of the Deep Waterways Association, T. P. Shonts and Don Farnsworth.

### Bryan and Taft Meet.

An ear-splitting shout gave warning of the arrival of Judge Taft. Mr. Bryan, in common with everyone else, looked toward the entrance. A huge frame, moving like a ship amongst a swarm of tugs, was moving slowly up the narrow aisle between two tables. Those at a distance occasionally could catch a glimpse of a smiling face, acknowledging greetings. A policeman in uniform and assistants in plain clothes aided in the progress of the distinguished guest. Mr. Bryan, who had ceased in the destruction of some sort of a chop suey masquerading under a French name, turned his head slowly as his political rival drew near smiling slightly.

### Hands Are Clasped.

The dramatic moment which had been anticipated with such deep interest was soon over. Mr. Bryan's hand awaited that of Mr. Taft. A single lingering pressure, a word or so which none could overhear because of the tumult, and the republican leader passed on to a chair at the right of Mr. Hall. The cheering continued for a minute or so after those at the speaker's table had taken their seats. At the first moment the noise subsided Mr. Bryan asked Mr. Taft if he "had a good day."

This display of friendliness on the part of the two candidates started the crowd to new cheering, and words being useless in the din, Mr. Taft stroked his throat for answer.

Then Mr. Taft laughed and the applause increased.

"What's the matter with Bill?" cried someone in stentorian tones.

"He's all right."

"Who's all right?"

"Bill's all right."

It took music by the orchestra and a song by the guests to restore a semblance of order.

### Speeches Are Non-Partisan.

When talking in ordinary tones became possible the two candidates entered into an animated conversation in which President Hall joined. The speeches of both Mr. Taft and Mr. Bryan were non-partisan. This was the wish of the Chicago Association of Commerce, which is a non-partisan organization.

Besides Mr. Taft and Mr. Bryan, the speakers of the evening were A. C. Bartlett and David R. Forgan. Mr. Bartlett was the first speaker and Mr. Forgan was sandwiched between Mr. Bryan and Mr. Taft.

In introducing Mr. Bryan, President Hall said:

"As I look upon my distinguished associates on right and left I am forced to resort to the familiar protestation of the perplexed lover, 'How happy could I be with either, were the other dear charmer away.'"

brought to a commanding place in the eyes and regard of his countrymen a citizen of Nebraska. His life has been an honorable page from the day he received his degree from his alma mater to the hour of his choice as standardbearer of one of the great national parties by legions of enthusiastic countrymen.

"With the principles of an American he has sought and held leadership in a career of courage, fidelity and kindness.

"Millions accept his captaincy, the energy of his service, the purity of his patriotism. Gentlemen—Mr. Bryan."

### Mr. Bryan's Address.

Mr. Bryan was cheered to the echo as he rose to speak. Cheers and laughter followed the humorous touches that characterized his opening remarks.

"Mr. Chairman, Judge and Gentlemen: I appreciate the honor of being present on this occasion. I appreciate the generous words of the chairman in presenting me to you. I think it is a good omen when we can lay aside partisan feeling on an occasion like this and forgetting the things that separate us, I remember the things that more important that unite us in the bonds of common citizenship. I think I can see signs of progress in politics. When I first began to run for president (laughter) there were no occasions of this kind. I think I note a larger charity, a broader liberality and a more kindly feeling than has some times prevailed in the past. Here the chairman of the representative committees meet, willing even in the heat of campaign to pause for a moment in the giving out of estimates. Here the treasurers of the respective committees suspend for a moment the investigation of business conditions of those who send in checks."

### Mr. Taft said:

"In a republic like ours, under popular control with the dual of government between the states and the United States, there are many politico-legal questions concerning the distribution of power under the federal constitution between the national government, and the state concerning the division between the executive, legislative and judicial branches of the government concerning the limitations upon governmental action in respect to the rights of individuals, undecided by some tribunal might easily lead to domestic turbulence. Under our constitution as early interpreted, not, however, without bitter criticism and opposition, the supreme court of the United States became ultimate arbiter in respect to most of such great political questions.

"I believe we generally agree that those might contribute to smooth working of our government and to the supremacy of law and order in our community and offer advantages over the methods of settling similar questions in other countries. But while we may felicitate ourselves on the discovery of a new instrument for preventing dangerous domestic controversies, have we the right to say that our present administration of justice as between individuals, as 'The evolution of politics has sures continued popular satisfaction

able to the lack of uniformity and thoroughness in the enforcement of our criminal laws. This is a defect which must be remedied, or it will ultimately destroy the republic. I do not, however, wish to dwell on the defects in our criminal laws."

## HASKELL AT WOODWARD.

Is Cheered to the Echo When He Hits Teddy.

Woodward, Ok., Oct. 7.—Today was Old Soldier's Day at the county fair and the special feature was the speech of Gov. Haskell. Special trains brought crowds from adjoining counties. He was introduced by Capt. B. B. Smith, who said:

"It gives me much pleasure to introduce to you my old friend and the only man that has had the nerve to make the Big Stick lie down and the best governor in the United States."

Loud cheering followed the introduction and it was several minutes before the governor could reply.

The governor said:  
"That kind of testimony sounds good, after reading the Roosevelt letters." (Applause.)

He paid a tribute to old soldiers. "I am not much of a talker, and you must not expect a speech. You see I prefer to do things instead of talking about doing things, and you can understand why it is so easy for

President Roosevelt and myself to divide the work." (Loud applause.) "Roosevelt talks and I act."

"Now, if you believed what Roosevelt has said you would now be listening to the meanest man on earth. Roosevelt says that Hearst told him, and Hearst says that two Wall street brokers told him." I can't get any of those Wall street fellows to testify in my behalf. ((Cheers.)) I am your servant, and since I have been drawing a salary from the state my entire time has been yours. I may make some mistakes, but I did not make any when I went after Roosevelt. (Applause.)

"His original charge was that I was connected with the Standard Oil Company in Ohio, and when he was shown that this was not true, what was his answer? 'I will omit further allusion to the Ohio matter.'"

"I say to you that when he evaded the issue in this manner instead of coming out like a man and saying that he had wronged a fellow-man, that he lowered himself in the eyes of the American people, both republican and democrat. (Cries of "That is what he did"). and thereby placed himself on the level with a ward politician. (Cheers.)

## Backing of Republicans.

"I want to ask you a question: Who in this crowd is chipping in to help defray the expense of these republican papers in their vilification of me? I have asked all over the state, and have not found a single farmer, laboring man or steady-going business man that is helping pay the expense, and this is all of the honest folks—then, who is it? If it is the grafters and the trust boosters that I am worried for, I do not want to make any friends in that bunch. I told you last year if you would elect me governor, I would go after this bunch, and I have." (Applause.)

It was now 12:30 and the governor called the attention of the crowd to the fact, and they yelled, "Go on, governor," and an old soldier looked up and said:

"We will stay here just as long

as you do; we like a good fighter," which brought forth applause.

"They say that I am undignified; that I swear sometimes. Let me tell you something; if you had to sit in the governor's office all day and till 10 o'clock at night and have to get after one of those grafters every fifteen minutes and not swear sometimes you are all right. (Applause.)

"They are now getting control of most of the papers to fight me with, but I don't care if they get fifty; they will find me ready at all times to fight them. If what Son-in-Law Nick says is so, I will have sixteen years of pleasant time. He says that the family has arranged for Taft to hold the office eight years and then for papa to come back from his bear hunt and hold it eight years; so you see I will have sixteen years to go after him."

## Osage Oil Lease.

"The Osage Indian land oil lease was made by order of President Roosevelt for a price to the Indians what adjoining owners were getting at the same time, and made to a Standard Oil Company agent without consent or hearing allowed the Indians, and after Secretary Hitchcock had said the lease would be an outrage. Honestly, the president must certainly explain this."

The people are certainly with Haskell regardless of policy.

## NIGHT RIDERS IN OKLAHOMA

Hugo, Okla., Oct. 7.—Conditions obtaining in the gathering and marketing of cotton, particularly those involving the price of picking and the state of the market, are responsible for the organization of a clan of night riders who are operating in southeastern Oklahoma, northern Texas and western and southwestern Arkansas. A prominent cotton buyer at Sallisaw has received the following communication, signed "Night Riders."

"We ask you to do one of two things; stop buying cotton or having it bought or raise the price. You run it over the farmers last year and you think you will again, but we will take your hide from a pick sack and leave the town by the light of bales of cotton on fire. We'll paint the old town red."

District Judge Denton at Paris, Texas, thus addressed the grand jury upon the convening of his term of court:

"If the night riders continue their operations in this country it will not be long until they will warn the publishers of newspapers to stop issuing their papers in order to suppress any matter of importance in which they are interested. Further than this, the operations will extend even into the courts and literary institutions, and I think that something should be done at once to put a stop to all such classes. I have invited the present grand jury to look into any reported night riding and to make full investigations of them. They are getting too close to Lamar county for it to be overlooked."

## EVIDENCE AGAINST EVANS FAVORABLE.

Not Intoxicated, Testify Officers and Left Deck to Quell Fight.

Manila, Oct. 7.—The taking of testimony in the case of Lieutenant Frank T. Evans of the battleship Louisiana, courtmartialled on the charge of absenting himself from his post while officer of the deck, disrespect to superior officers and intoxication, was concluded today. There remains only the summing up by counsel and it is expected the proceedings will end tomorrow.

The chief contest by the defense was against the allegation of intoxication, and in this respect evidence is regarded as favorable to the accused officer. Surgeon Andrew R. Wentworth of the Louisiana and others testified that Evans, in their opinion, was not intoxicated.

Lieutenant Evans admitted, during the hearing, that he had left the deck while on watch, but presented evidence to show he went below to quell a slight disturbance.

## Real Opera House.

Harry Parks is converting his big Airdome which has seating capacity of nearly 100 people into a real opera house. By the end of the week it will be covered with iron roofing and the walls papered with heavy building paper. These additions will afford complete comfort and warmth to the theatre goers this winter. Mr. Parks states that he is perfectly confident that the improvised opera house supported by his big stoves placed appropriately therein will be comfortable for both players and audience.

## BEAR HUGGS BABY TO DEATH

Tucson, Ariz., Oct. 7.—At Elysian Grove, a pleasure park near here, an immense black bear escaped from a cage and charged upon a throng of visitors. The animal had been raised in captivity from a cub and had been in the habit of being given soda pop at the bar. When he escaped he went there. It was driven out by the attendants, but returned, and when it was again driven away and an attempt made to drive it into its cage it became enraged and charged the crowd. The wife of a Southern Pacific employe named Buss Laird ran with a go-cart containing a year-old infant.

The bear pursued and snatched the infant and crushed it to death before its mother's eyes. It was attacking the woman when a shot from a policeman's revolver stopped it. The bystanders opened a fusillade and killed the bear with a score of bullets. The bear had been closely confined since a week ago when it attacked a small boy.

## HASKELL SPEAKS AT DALLAS TWENTIETH.

Special Oklahoma Train May Bear Large Crowd There.

Guthrie, Okla., Oct. 7.—Governor Haskell's acceptance of the invitation of the Bryan and Kern club of Dallas and of the Texas State Fair Association to deliver an address at the state fair grounds in that city Oct. 20 has served to create much interest in the event throughout Oklahoma, and it is probable that a special train from Oklahoma City will bear 1,000 enthusiastic democrats to Dallas on that day.

As soon as the date of the governor's coming to the Texas city had been published, towns all along the several lines of railroad running into Dallas from the north began to issue invitations to Governor Haskell to deliver addresses. Among them is Paris, on the M. K. & T. road. The Bryan-Kern club of that city held a called meeting and issued their invitation. The members declare that 10,000 will be on hand to greet the governor if he accepts the invitation.

An infant child of Mr. and Mrs. V. K. Rogers was buried at Deny last Friday. Mr. and Mrs. Rogers have the sympathy of the entire community.

Mrs. George Geiger's new residence is rapidly nearing completion. This is one of the new buildings that expresses faith in a bigger and better Francis.

Henry Phillips, who left Francis about a year ago and has been working in Arkansas since that time, returned this week to become night foreman of the round house.

Mayor George Harrison of Ada was in Francis on Monday shaking hands with old friends and looking after business. George Harrison is one of Pontotoc county's brainy, honest men, who always stands for a square deal.

J. A. Mullen was succeeded Monday as accountant at Superintendent's office by M. S. Moss of Houston, Tex. Mr. Mullins has the same position he held here at Cleburne, Tex., and resigned here last week in order to accept the Texas job where he will work for the Santa Fe. Mr. Moss, his successor, comes well recommended and no doubt things will run as smoothly as heretofore.

## AN EDITOR KILLED.

Sabetha, Kan., Oct. 7.—Angered because a news item was printed in the Morrill News today, Perry Royer, marshal of Morrill, a town of several hundred persons, eight miles east of Sabetha, shot and killed J. H. Schmucker, editor of the News, and then committed suicide.

The shooting occurred in the main street at Morrill. As Schmucker went home Marshal Royer accosted him. The two men quarreled as they walked toward Schmucker's home. After they had walked a block Royer picked up a stone and threw it at Schmucker. Schmucker struck Royer with a bucket. Thereupon Royer shot and killed the editor. Royer then walked to his home and shot himself to death.

F. J. Etter returned from the state fair Wednesday night. His praise of the big show is very flattering, indeed.

At this writing the jury is out in the case of the State vs. Ethridge Wright, charged with carrying a concealed weapon.

Jackson Black who was arrested sometime ago with considerable liquor was acquitted Wednesday on the charge of selling. It seems as if it is necessary to prove a sale before conviction can be had.

Stall's studio will be closed tomorrow and up until Thursday noon. Mr. Stall is going to the photographers' convention at Oklahoma City to catch any new items that may have been stirred up for the coming year.

Mrs. S. M. Torbett has recovered from a brief spell of illness.

Mrs. Geiger of Francis was in the city Wednesday.

Mesdames Fuller, Wilson and Breco were here from Stonewall Wednesday.

Mrs. R. G. Biggers and Mrs. Wetherington are attending the state fair today.

Miss Myrtle Myers of Stonewall was in the city this morning.

W. B. Barry is attending to business in Stonewall today.

Bob Duncan is attending court today from Francis.

### Special Katy Train.

In view of the exceptional entertainment offered at State Fair tomorrow (Friday) and the notable occasion tomorrow evening, when there will be the greatest political demonstration ever in Oklahoma in the honor and support of Governor Haskell, who will be Oklahoma's guest at the fair, the Katy train will continue the run of the special trains, leaving Ada at 6:37 and returning tomorrow night at 11 o'clock.

All the people of Pontotoc County who can conveniently should take advantage of the opportunity to visit the fair and hear the governor.

### Miss Katy.

Katy agent, Mr. Green, informs the News at 3:30 o'clock that the Katy will run the special train tomorrow, leaving at 6:37 a. m., and returning at 11 p. m.

### JAS. W. WEBB UNFORTUNATE.

After Two Months Confinement With

Diseased Ankle, Remains on Crutches.

Jimmie Webb, senior member of the popular firm of Webb and Ennis, sprained his ankle two months ago, soon after which had blood or abscess formation set up in the sprain, resulting in long illness and much suffering. Pressure of business found Mr. Webb in his office a short while today. His general amaciated appearance suggests the extent of and duration of his illness. His numerous friends regret his misfortune very much.

### Nye's Tent Show Tonight.

The beautiful sensational melodrama in 5 big acts, "Monte Cristo," will be produced by the Nye Company. This play serves to bring out a magnificent display of \$5,000 worth of wardrobe. The company is said to be unusually strong in the play and it is the piece-de-resistance of the week. Considerable attraction is being attracted to the beautiful prizes which are being awarded nightly. Tonight a live baby will be given away.

### Week of Prayer.

The second meeting of the week of prayer was held Wednesday afternoon with sixteen members present. The subject was "Broad Rescue Work." Meeting led by Mrs. Chapman.

A paper, "Rescue Work of Our Home Mission Schools," by Mrs. Haynes was very instructive and encouraging to those who have even a small part in supporting these institutions.

Miss Barton very beautifully described the rescue work of the city missionaries, and Mrs. Truitt gave a brief history of the "Ann Broadway Home and Mission School," in Dallas, Texas, which is the greatest rescue institution maintained by the M. E. church, south. The offering this week goes to enlarging that building.

A reading, "The Closed Door," by Mrs. Lasater, and "The What Slave," by Miss Jernigan, in the latter we learned that while the Home Mission

Society is rescuing from sin and ignorance that much needs to be done yet. The offering was \$4.25.

Mrs. Armstrong will lead next meeting, Friday 3 p. m. We invite all to come for we expect this to be the best service of all.

### MINERAL RESOURCES.

The Exhibit Made at State Fair By Prof. Gould of Geological Survey.

Oklahoma, Oct. 7.—One of the most attractive exhibits in exposition hall at the fair is the one showing the mineral resources of the state, prepared by the Oklahoma geological survey. Prof. Gould and his assistants have collected practically everything of interest in a mineral way found in Oklahoma. Few people realize the vast amount of minerals in Oklahoma.

The exhibit contains coal, oil, granite, limestone, sandstone, marble, glass sand, polite, brick, lead, zinc, salt, iron ore, asphalt, tripoli, gypsum, volcanic ash, illustrating the occurrence of these various minerals in the state.

One specimen that attracts much attention is a massive slab of selenite or transparent gypsum standing on edge near the center of the exhibit. The slab is four feet high, two feet wide and six inches thick. It is so clear that print can easily be read through it. There are a number of different kinds of gypsum, including the rock gypsum, a massive white rock, the selenite or transparent variety, the satinspar, a fibrous gypsum and the gypsite or earth gypsum. The great part of the wall plaster used in Oklahoma is made of earth gypsum.

There are eight mills in Oklahoma making plaster. Each mill makes from 50 to 100 tons of plaster a day. Prof. Gould says that if there were 100 mills and each one used 100 tons a day of gypsum, the supply in Oklahoma would last 30,000 years. If all the gypsum in the state were manufactured into plaster and the loaded into cars, the train would reach 2,400 times around the earth at the equator. There are 123,000,000,000 tons of gypsum in Oklahoma.

Another interesting exhibit is the salt. There are seven regions of salt springs in the state where water flows out of the ground that is so strong that two buckets of brine will make a bucket of salt. Very little of this salt water is being utilized, although there is enough going to waste to make 100 carloads of salt a day. The people of Oklahoma import all the salt they use and send their good money to other states to pay for what might be made at home.

The purposes of the exhibit is educational. Prof. Gould says that Oklahoma has more kinds of mineral and more mineral of a kind than any state in the union, but that only one-half of 1 per cent of it is yet developed. When the resources of Oklahoma are developed Oklahoma will be one of the wealthiest manufacturing states in America.

The Real Estate Buyer is "Wise."

There are, always, in this city people who stand ready to buy any piece of real estate, in any part of town or suburbs, if the property and the price are both attractive. Once in a while an inexperienced investor will buy at a fancy price; but the great majority of buyers know values in real estate—they are educated in this one thing above others. And that means that if a real bargain in real estate is offered it will find quick takers. If the value is not there, the buyer is not apt to be found—and this is as it should be.

Of course, real estate in this city is not really "offered" for sale unless it is adequately advertised. Most people know this. Some people are learning it every week.

### REVIVAL GROWING.

Rev. Dr. Smith Preached Great Sermon Last Evening.

The attendance and interest are rapidly increasing in the evangelistic services at the Presbyterian church on corner of 15th and Townsend. Dr. Smith's theme on last evening was, "Life's Essential Vision." From the beginning the close attention of the audience was an evidence that the minister had a message in which his hearers were intensely interested. Dr. Smith said that the world's achievements in its varied spheres of activity and accomplishments were the results of the visions of the past. This is clearly seen in both the history and science of all nations. He said Paul's vision—the essential vision included a vision of Christ of our opportunities, of encouragement, and of Heaven. He emphasized the importance of obedience to the vision of God which we have through Jesus Christ as the only means to true happiness here and an abiding hope in the hereafter.

There will be services tonight at the church at 7:30 and at the Desota tomorrow afternoon at 2:30. The seating capacity at the church has been enlarged. Every one has a cordial invitation to attend these services.

**FORECAST BY CHAIRMAN MACK.**

**Gold Democrats Returned to Party. Democratic Success Assured.**

Chicago, Oct. 6.—Norman E. Mack, chairman of the democratic national committee, told today why he believed Bryan would carry the state of New York. In his interview yesterday the democratic chairman grouped New York, New Jersey, Connecticut, Delaware and Rhode Island into one class. With a majestic wave of his hand he gave the determining states of the east to the democratic candidate, and, amid the enthusiasm of a few of his auditors, carried the November election for Bryan. Today Mr. Mack was asked to assign the reason why he so boldly claimed New York, and this is what he said:

"New York is a democratic state whenever the democratic party is united. This year the democratic party is more thoroughly united than in any former year, more completely than it was in 1892. The republican party is divided. Every element in the party hates Hughes; there is an element which dislikes Roosevelt, and another element which dislikes Taft."

**"Gold Men in Line," He Says.**

"How about the gold democrats who went out in 1896 and remained out in 1900?" he was asked.

"They are back in line."

"But is it true that the business men who are gold democrats are back?" Mr. Mack was asked. "Does not that apply, as has been stated, only to the democratic politicians who left the party in 1896?"

"It applies to all democrats. Let me illustrate. The democratic club of New York is composed of 1,400 members. In 1896 and 1900 fully 95 per cent of its members and its entire board of directors were opposed to Bryan. This year 95 per cent of its members are for Bryan and the other day its board of directors, by a unanimous vote, contributed from the treasury \$2,500 to the democratic campaign fund and in a few days will contribute \$2,500 more. What is true of the gold democrats in New York I know to be true of the gold democrats in my own city, Buffalo."

Section 2. That the said salary shall not go into effect until this ordinance shall have gone into force and effect, and in no case shall the city be liable for any back salary of said Police Judge, except under said ordinance amended.

Washington, Oct. 7.—President Roosevelt told Senator Hemenway today that he did not consider it necessary for him to make speeches in support of Taft. The president said he had received numerous requests to go on the stump, but decided not to accede to them.

Rochester, N. Y., Oct. 7.—President Roosevelt will not take the stump in the campaign this fall, according to Bishop Earl Cranston of Washington. The bishop said to a number of clergymen at the close of the Genesee Methodist conference tonight:

"If anyone tells you that he will, say to him that he is mistaken." When asked how he was able to speak positively, the bishop took out a letter and said that in it president Roosevelt had assured him that he would not go on the stump.

Bishop Cranston is a personal friend of the president.

Tulsa, Ok., Oct. 7.—Senator T. P. Gore opened the campaign for the democrats in this city with a speech to a large crowd at the Palm The-

**Weak Women**

To weak and ailing women, there is at least one way to help. But with that way, two treatments must be combined. One is local, one is constitutional, but both are important, both essential. Dr. Shoop's Night Cure is the local. Dr. Shoop's Restorative, the Constitutional. The former—Dr. Shoop's Night Cure—is a topical mucous membrane suppository remedy, while Dr. Shoop's Restorative is wholly an internal treatment. The Restorative reaches throughout the entire system, seeking the repair of all nerves, all tissue, and all blood ailments. The "Night Cure", as its name implies, does its work while you sleep. It soothes sore and inflamed mucous surfaces, heals local weaknesses and discharges, while the Restorative, easing nervous excitement, gives renewed vigor and ambition, builds up wasted tissues, bringing about renewed strength, vigor, and energy. Take Dr. Shoop's Restorative—Tablets or Liquid—as a general tonic to the system. For positive local help, use as well.

## A HALT IN THE WAR SCARE.

An International Conference Will Be Called to Consider the Bulgarian Situation—Austria-Hungary's Proclamation Today.

Constantinople, Oct. 7.—All immediate danger of war between Turkey and Bulgaria appears to be past. The

decision of the ministerial council after an all night session commits the government to wait the result of an appeal to the powers to take measures to insure the observance of the provision of the treaty of Berlin. A copy of the protest against the violation of the Berlin treaty has also been forwarded to Bulgaria, although many experts on international law say that Bulgaria's action does not constitute a violation of the treaty, as it has merely asserted its independence of foreign rule.

The sultan has sent a personal reply to Ferdinand's note announcing that Bulgaria had declared itself independent of Turkey. In his answer the sultan says that the rights of Turkey are guaranteed by the powers and that therefore it is obliged to depend on them. It is understood that Russia has promised Turkey support.

The young Turks committee here has issued a statement saying that it regards the situation as grave and demanding extreme caution. It wishes to avoid war, but advocates, in addition to protesting to the powers, the inauguration of a tariff war against Bulgaria, the expulsion of the Bulgarian bishops from Turkey. If Austria carries out the annexation of Bosnia and Herzegovina, they advocate a general boycott of all Austrian goods and commerce, which would be a severe measure, as Austrian trade here is large.

The committee in Saloniki also issues a proclamation declaring that Bulgaria's declaration of independence and Austria's announced intention to annex Bosnia and Herzegovina are both violations of Turkey's rights. The committee protests in the name of humanity against the ill-feeling that is entertained by Austria-Hungary and Bulgaria toward a people which is progressing in the direction of liberty. The committee appeals to the public opinion of Europe against what it calls an attempt on the most sacred rights of a nation. The reported mobilization of Bulgarian and Turkish troops near the frontier is officially denied.

## THE TWO BIG BILLS MEET

"How Happy I Could Be With Either Were the Other Dear Charmer Away."

Chicago, Ill., Oct. 7.—W. J. Bryan and W. H. Taft, rival candidates for presidency of the United States, met tonight at the fourth annual banquet of the Chicago Association of Commerce. The meeting is said to have been the first of its kind since the Lincoln and Douglas campaign, preceding the Civil War.

Intense interest in the meeting had been manifested since it first became known that the two candidates were to meet in public, and every seat in three banquet halls at the Auditorium Hotel thrown together for the occasion, was occupied when the first course was served, save only a commodious chair reserved for Judge Taft. At the speaker's table when the speech-making began there were the following: Lafayette McWilliams, W. N. Higginbotham, John V. Farwell, Walter H. Wilson (representing Mayor Russell), Dr. Emil G. Hirsch, David R. Forgan, Mr. Taft, President Richard C. Hall of the Chicago Association of Commerce, John G. Schedd, Charles S. H. Wacker, President Kavanaugh of the Deep Waterways Association, T. P. Shonts and Don Farnsworth.

Bryan and Taft Meet. An ear-splitting shout gave warning of the arrival of Judge Taft. Mr. Bryan in common with everyone else, looked toward the entrance. A huge frame, moving like a ship amongst a swarm of tags, was moving slowly up the narrow aisle between two tables. Those at a distance occasionally could catch a glimpse of a smiling face, acknowledging greetings. A policeman in uniform and assistants in plain clothes aided in the progress of the distinguished guest. Mr. Bryan, who had ceased in the destruction of some sort of a chop suey masquerading under a French name, turned his head slowly as his political rival drew near smiling slightly.

Hands Are Clasped. The dramatic moment which had been anticipated with such deep interest was soon over. Mr. Bryan's hand awaited that of Mr. Taft. A single lightning pressure, a word or so which none could overhear because of the tumult, and the republican leader passed on to a chair at the right of Mr. Hall. The cheering continued for a minute or so after those at the speaker's table had taken their seats. At the first moment the noise subsided Mr. Bryan asked Mr. Taft if he "had a good day."

This display of friendliness on the part of the two candidates started the crowd to new cheering, and words being needless in the din, Mr. Taft stroked his throat for answer.

Then Mr. Taft laughed and the applause increased.

"What's the matter with Bill?" cried someone in stentorian tones.

"He's all right."

"Who's all right?"

"Bill's all right."

It took music by the orchestra and a song by the guests to restore a semblance of order.

Speeches Are Non-Partisan.

When talking in ordinary tones became possible the two candidates entered into an animated conversation in which President Hall joined. The speeches of both Mr. Taft and Mr. Bryan were non-partisan. This was the wish of the Chicago Association of Commerce, which is a non-partisan organization.

Besides Mr. Taft and Mr. Bryan, the speakers of the evening were A. C. Bartlett and David R. Forgan. Mr. Bartlett was the first speaker and Mr. Forgan was sandwiched between Mr. Bryan and Mr. Taft.

In introducing Mr. Bryan, President Hall said:

"As I look upon my distinguished associates on right and left I am forced to resort to the familiar protestation of the perplexed lover, 'How happy could I be with either, were the other dear charmer away.'"

brought to a commanding place in the eyes and regard of his countrymen a citizen of Nebraska. His life has been an honorable page from the day he received his degree from his alma mater to the hour of his choice as standardbearer of one of the great national parties by legions of enthusiastic countrymen.

"With the principles of an American he has sought and held leadership in a career of courage, fidelity and kindness.

"Millions accept his captaincy, the energy of his service, the purity of his patriotism. Gentlemen—Mr. Bryan."

Mr. Bryan's Address.

Mr. Bryan was cheered to the echo as he rose to speak. Cheers and laughter followed the humorous touches that characterized his opening remarks.

"Mr. Chairman, Judge and Gentlemen: I appreciate the honor of being present on this occasion. I appreciate the generous words of the chairman in presenting me to you. I think it is a good omen when we can lay aside partisan feeling on an occasion like this and forgetting the things that separate us, I remember the things that more important that unite us in the bonds of common citizenship. I think I can see signs of progress in politics. When I first began to run for president (laughter) there were no occasions of this kind. I think I note a larger charity, a broader liberality and a more kindly feeling than has some times prevailed in the past. Here the chairman of the representative committees meet, willing even in the heat of campaign to pause for a moment in the giving out of estimates. Here the treasurers of the respective committees suspend for a moment the investigation of business conditions of those who send in checks."

Mr. Taft said:

"In a republic like ours, under popular control with the dual of government between the states and the United States, there are many politico-legal questions concerning the distribution of power under the federal constitution between the national government, and the state concerning the division between the executive, legislative and judicial branches of the government concerning the limitations upon governmental action in respect to the rights of individuals, undecided by some tribunal might easily lead to domestic turbulence. Under our constitution as early interpreted, not, however, without bitter criticism and opposition, the supreme court of the United States became ultimate arbiter in respect to most of such great political questions."

"I believe we generally agree that those might contribute to smooth working of our government and to the supremacy of law and order in our community and offer advantages over the methods of settling similar questions in other countries. But while we may felicitate ourselves on the discovery of a new instrument for preventing dangerous domestic controversies, have we the right to say that our present administration of justice as between individuals, as 'The evolution of politics has sures continued popular satisfaction."

We have sold goods in Ada six years, but we don't ask you to trade with us for the reason we do business in Ada or because we are friends. Neither do we send you prices and descriptions and insist on you sending us the money without personal inspection of our goods, as catalogue houses do, but ask for your trade on the broad ground of good, reliable goods, sold at fair prices and easy terms, with the fact made prominent that we carry a good reliable stock.

We call special attention to our Rockers shipped direct from the factory; no middle man's profit. They are selling fast. Six Upholster Rockers went out Friday and Saturday. We placed rush orders today to supply the demand. When you are in our store, ask to see our Iron Beds, especially a Verne Martin, two inch post for \$16.00. We solicit your inspection of our stock.

## HASKELL AT WOODWARD.

Is Cheered to the Echo When He Hits Teddy.

Woodward, Ok., Oct. 7.—Today was Old Soldier's Day at the county fair and the special feature was the speech of Gov. Haskell. Special trains brought crowds from adjoining counties. He was introduced by Capt. B. B. Smith, who said:

"It gives me much pleasure to introduce to you my old friend and the only man that has had the nerve to make the Big Stick lie down and the best governor in the United States."

Long cheering followed the introduction and it was several minutes before the governor could reply.

The governor said:

"That kind of testimony sounds good, after reading the Roosevelt letters." (Applause)

He paid a tribute to old soldiers. "I am not much of a talker, and you must not expect a speech. You see I prefer to do things instead of talking about doing things, and you can understand why it is so easy for

President Roosevelt and myself to divide the work." (Loud applause.) "Roosevelt talks and I act."

"Now, if you believed what Roosevelt has said you would now be listening to the meanest man on earth. Roosevelt says that Hearst told him, and Hearst says that two Wall street brokers told him. I can't get any of those Wall street fellows to testify in my behalf. (Cheers.) I am your servant, and since I have been drawing a salary from the state my entire time has been yours. I may make some mistakes, but I did not make any when I went after Roosevelt. (Applause.)

"His original charge was that I was connected with the Standard Oil Company in Ohio, and when he was shown that this was not true, what was his answer? 'I will omit further allusion to the Ohio matter.'"

"I say to you that when he evaded the issue in this manner instead of coming out like a man and saying that he had wronged a fellow-man, that he lowered himself in the eyes of the American people, both republican and democrat. (Cries of 'That is what he did!') and thereby placed himself on the level with a ward politician. (Cheers.)

## Backing of Republicans.

"I want to ask you a question: Who in this crowd is chipping in to help defray the expense of these republican papers in their vilification of me? I have asked all over the state, and have not found a single farmer, laboring man or steady-going business man that is helping pay the expense, and this is all of the honest folks—then who is it? If it is the grafters and the trust boosters that I am worried for, I do not want to make any friends in that bunch. I told you last year if you would elect me governor I would go after this bunch, and I have." (Applause)

It was now 12.30 and the governor called the attention of the crowd to the fact, and then yelled, "Go on, governor," and an old soldier looked up and said:

"We will stay here just as long

as you do; we like a good fighter," which brought forth applause.

"They say that I am undignified; that I swear sometimes. Let me tell you something; if you had to sit in the governor's office all day and till 10 o'clock at night and have to get after one of those grafters every fifteen minutes and not swear sometimes you are all right. (Applause.)

"They are now getting control of most of the papers to fight me with, but I don't care if they get fifty; they will find me ready at all times to fight them. If what Sun-in-Law Nick says is so, I will have sixteen years of pleasant time. He says that the family has arranged for Taft to hold the office eight years and then for papa to come back from his bear hunt and hold it eight years; so you see I will have sixteen years to go after him.

## Osage Oil Lease.

"The Osage Indian land oil lease was made by order of President Roosevelt for a price to the Indians what adjoining owners were getting at the same time, and made to a Standard Oil Company agent without consent or hearing allowed the Indians, and after Secretary Hitchcock had said the lease would be an outrage. Honestly, the president must certainly explain this."

The people are certainly with Haskell regardless of policy.

## NIGHT RIDERS IN OKLAHOMA

Hugo, Okla., Oct. 7.—Conditions obtaining in the gathering and marketing of cotton, particularly those involving the price of picking and the state of the market, are responsible for the organization of a clan of night riders who are operating in southeastern Oklahoma, northern Texas and western and southwestern Arkansas. A prominent cotton buyer at Sallisaw has received the following communication, signed "Night Riders."

"We ask you to do one of two things, stop buying cotton or having it bought or raise the price. You run it over the farmers last year and you think you will again, but we will take your hide from a pick sack and leave the town by the back of holes of cotton on fire. We will paint the old town red."

District Judge Devron at Paris, Texas, thus addressed the grand jury upon the conveying of his term of court.

"It is the night riders and their operations in this country that will not be long until they will warn the publishers of newspapers to stop issuing their papers in order to suppress any matter of importance in which they are interested. Further than this, the operations will extend even into the courts and literary institutions, and I think that something should be done to once to put a stop to all such classes. I have invited the present grand jury to look into any reported night riding and to make full investigations of them. They are getting too close to family county for it to be overlooked."

## EVIDENCE AGAINST EVANS FAVORABLE.

Not Intoxicated, Testify Officers and Left Deck to Quell Fight.

Manila, Oct. 7.—The taking of testimony in the case of Lieutenant Frank T. Evans of the battleship Louisiana, court-martialed on the charge of absenting himself from his post while officer of the deck, disrespect to superior officers and intoxication, was concluded today. There remains only the summing up by counsel and it is expected the proceedings will end tomorrow.

The chief contest by the defense was against the allegation of intoxication, and in this respect evidence is regarded as favorable to the accused officer. Surgeon Andrew R. Wentworth of the Louisiana and others testified that Evans, in their opinion, was not intoxicated.

Lieutenant Evans admitted, during the hearing, that he had left the deck while on watch, but presented evidence to show he went below to quell a slight disturbance.

## Real Opera House.

Harry Parks is converting his big Airdome which has seating capacity of nearly 100 people into a real opera house. By the end of the week it will be covered with iron roofing and the walls papered with heavy building paper. These additions will afford complete comfort and warmth to the theatre goes this winter. Mr. Parks states that he is perfectly confident that the improvised opera-house supported by his big stoves placed appropriately therein will be comfortable for both players and audience.

## BEAR HUGGS BABY TO DEATH

Tucson, Ariz., Oct. 7.—At Elysian Grove, a pleasure park near here, an immense black bear escaped from a cage and charged upon a throng of visitors. The animal had been raised in captivity from a cub and had been in the habit of being given soda pop at the bar. When he escaped he went there. It was driven out by the attendants, but returned, and when it was again driven away and an attempt made to drive it into its cage it became enraged and charged the crowd. The wife of a Southern Pacific employe named Buss Laird ran with a go-cart containing a year-old infant.

The bear pursued and snatched the infant and crushed it to death before its mother's eyes. It was attacking the woman when a shot from a policeman's revolver stopped it. The bystanders opened a fusillade and killed the bear with a score of bullets. The beast had been closely confined since a week ago when it attacked a small boy.

## Phil Rogers, Hot Springs.

Mr. Phil Rogers, who has for two years been a sufferer at Hot Springs with a malignant form of inflammatory rheumatism, admits to his home folks that he does not improve. This fact will be generally regretted in this community where Mr. Rogers is universally respected.

## HASKELL SPEAKS AT DALLAS TWENTIETH.

Special Oklahoma Train May Bear Large Crowd There.

Guthrie, Okla., Oct. 7.—Governor Haskell's acceptance of the invitation of the Bryan and Kern club of Dallas and of the Texas State Fair Association to deliver an address at the state fair grounds in that city Oct. 20 has served to create much interest in the event throughout Oklahoma, and it is probable that a special train from Oklahoma City will bear 1,000 enthusiastic democrats to Dallas on that day.

As soon as the date of the governor's coming to the Texas city had been published, towns all along the several lines of railroad running into Dallas from the north began to issue invitations to Governor Haskell to deliver addresses. Among them is that on the M, K & T, road. The Bryan-Kern club of that city held a called meeting and issued their invitation. The members declare that "Hill" will be on hand to greet the governor if he accepts the invitation.

## FRANCIS NOTES.

(From Wigwag.)

In the case of State vs. Ed Wodell in Justice Hammond's court on Friday the defendant was fined \$25 and costs.

An infant child of Mr. and Mrs. V. K. Rogers was buried at Deney last Friday. Mr. and Mrs. Rogers have the sympathy of the entire community.

Mrs. George Gidger's new residence is rapidly nearing completion. This is one of the new buildings that expresses faith in a bigger and better Francis.

Henry Phillips, who left Francis about a year ago and has been working in Arkansas since that time returned this week to become night foreman of the round house.

Mayor George Harrison of Ada was in Francis on Monday shaking hands with old friends and looking after business. George Harrison is one of Pontotoc county's brainy, honest men, who always stands for a square deal.

J. A. Mullen was succeeded Monday as accountant at Superintendent's office by M. S. Moss of Houston, Tex. Mr. Mullen has the same position he held here at Cleburne, Tex., and resigned here last week in order to accept the Texas job where he will work for the Santa Fe. Mr. Moss, his successor, comes well recommended and no doubt things will run as smoothly as heretofore.

## AN EDITOR KILLED.

Sabetha, Kan., Oct. 7.—Angered because a news item was printed in the Morrill News today, Perry Royer, marshal of Morrill, a town of several hundred persons, eight miles east of Sabetha, shot and killed J. H. Schmucker, editor of the News, and then committed suicide.

The shooting occurred in the main street at Morrill. As Schmucker went home Marshal Royer accosted him. The two men quarreled as they walked toward Schmucker's home. After they had walked a block Royer picked up a stone and threw it at Schmucker. Schmucker struck Royer with a bucket. Thereupon Royer shot and killed the editor. Royer then walked to his home and shot himself to death.

A tiny, inside, hidden nerve, says Dr. Shoop, governs and gives strength to the stomach. A branch also goes to the heart, and one to the kidneys. Considerable attraction is being attracted to the beautiful prizes which are being awarded nightly. Tonight a live baby will be given away.

## Week of Prayer.

The second meeting of the week of prayer was held Wednesday afternoon with sixteen members present. The subject was "Broad Rescue Work" Meeting led by Mrs. Chapman. A paper, "Rescue Work of Our Home Mission Schools," by Mrs. Haynes was very instructive and encouraging to those who have even a small part in supporting these institutions.

Miss Barton very beautifully described the rescue work of the city missionaries, and Mrs. Truitt gave a brief history of the "Ann Broadway Home and Mission School," in Dallas, Texas, which is the greatest rescue institution maintained by the M. E. church, south. The offering this week goes to enlarging that building.

A reading, "The Closed Door," by Mrs. Lasater, and "The What Slave," by Miss Jernigan, in the latter we learned that while the Home Mission

Society is rescuing from sin and ignorance that much needs to be done yet. The offering was \$4.25.

Mrs. Armstrong will lead next meeting, Friday 3 p. m. We invite all to come for we expect this to be the best service of all.

## MINERAL RESOURCES.

The Exhibit Made at State Fair By Prof. Gould of Geological Survey.

Oklahoma, Oct. 7.—One of the most attractive exhibits in exposition hall at the fair is the one showing the mineral resources of the state, prepared by the Oklahoma geological survey. Prof. Gould and his assistants have collected practically everything of interest in a mineral way found in Oklahoma. Few people realize the vast amount of minerals in Oklahoma.

The exhibit contains coal, oil, granite, limestone, sandstone, marble, glass sand, polite, brick, lead, zinc, salt, iron ore, asphalt, tripoli, gypsum, volcanic ash, illustrating the occurrence of these various minerals in the state.

One specimen that attracts much attention is a massive slab of selenite or transparent gypsum standing on edge near the center of the exhibit. The slab is four feet high, two feet wide and six inches thick. It is so clear that print can easily be read through it. There are a number of different kinds of gypsum, including the rock gypsum, a massive white rock, the selenite or transparent variety, the satin spar, a fibrous gypsum and the gypsite or earth gypsum. The great part of the wall plaster used in Oklahoma is made of earth gypsum.

There are eight mills in Oklahoma making plaster. Each mill makes from 50 to 100 tons of plaster a day. Prof. Gould says that if there were 100 mills and each one used 100 tons a day of gypsum, the supply in Oklahoma would last 30,000 years. If all the gypsum in the state were manufactured into plaster and the loaded into cars, the train would reach 2,100 times around the earth at the equator. There are 123,000,000,000 tons of gypsum in Oklahoma.

Another interesting exhibit is the salt. There are seven regions of salt springs in the state where water flows out of the ground that is so strong that two buckets of brine will make a bucket of salt. Very little of this salt water is being utilized, although there is enough going to waste to make 100 carloads of salt a day. The people of Oklahoma import all the salt they use and send their good money to other states to pay for what might be made at home.

The purposes of the exhibit is educational. Prof. Gould says that Oklahoma has more kinds of mineral and more mineral on a land than any state in the union, but that only one-half of 1 per cent of it is yet developed. With the resources of Oklahoma are developed Oklahoma will be one of the wealthiest manufacturing states in America.

## The Real Estate Buyer Is "Wise."

There are, always, in this city people who stand ready to buy any piece of real estate, in any part of town or suburbs, if the property and the price are both attractive. Once in a while an inexperienced investor will buy at a fancy price; but the great majority of buyers know values in real estate—they are educated in this one thing above others. And that means that if a real bargain in real estate is offered it will find quick takers. If the value is not there, the buyer is not apt to be found—and this is as it should be.

Of course, real estate in this city is not really "offered" for sale unless it is adequately advertised. Most people know this. Some people are learning it every week.

## REVIVAL GROWING.

Rev. Dr. Smith Preached Great Sermon Last Evening.

The attendance and interest are rapidly increasing in the evangelistic services at the Presbyterian church on corner of 15th and Townsend. Dr. Smith's theme on last evening was, "Life's Essential Vision." From the beginning the close attention of the audience was an evidence that the minister had a message in which his hearers were intensely interested. Dr. Smith said that the world's achievements in its varied spheres of activity and accomplishments were the results of the visions of the past. This is clearly seen in both the history and science of all nations. He said Paul's vision—the essential vision included a vision of Christ of our opportunities, of encouragement, and of Heaven. He emphasized the importance of obedience to the vision of God which we have through Jesus Christ as the only means to true happiness here and an abiding hope in the hereafter.

There will be services tonight at the church at 7:30 and at the Desota tomorrow afternoon at 2:30. The seating capacity at the church has been enlarged. Every one has a cordial invitation to attend these services.

## FORECAST BY CHAIRMAN MACK.

Gold Democrats Returned to Party.  
Democratic Success Assured.

Chicago Oct 6.—Norman E. Mack, chairman of the democratic national committee, told today why he believed Bryan would carry the state of New York in his interview yesterday with the democratic chairman of the New York New Jersey Connecticut Delaware and Rhode Island into on a cross with a message was of his belief he was in a running fight of the east to the democratic side and until the inauguration of a new president in November 1911 for Bryan. Mr. Mack was asked to sign the reason why he so boldly claimed New York and this is what he said:

New York is a democratic state whenever the democratic party is united. This year the democratic party is more thoroughly united than in any former year more completely than it was in 1892. The republican party is divided. Every element in the party hates Hughes there is an element which dislikes Roosevelt and another element which dislikes Taft.

"Gold Men in Line," He Says.  
"How about the gold democrats who went out in 1896 and remained out in 1900?" he was asked.  
"They are back in line."

But is it true that the business men who are gold democrats are back? Mr. Mack was asked "Does not that apply, as has been stated only to the democratic politicians who left the party in 1896?"

"It applies to all democrats. Let me illustrate. The democratic club of New York is composed of 1400 members in 1896 and 1900 fully 95 per cent of its members and its entire board of directors were opposed to Bryan. This year 95 per cent of its members are for Bryan and the other day its board of directors by a unanimous vote contributed from the treasury \$2,500 to the democratic campaign fund and in a few days will contribute \$2,500 more. What is true of the gold democrats in New York I know to be true of the gold democrats in my own city, Buffalo."

To weak and ailing women there is at least one way to help. But with that way two treatments must be combined. One is local, one is constitutional, but both are important, both essential. Dr. Shoop's Night Cure is the local. Dr. Shoop's Restorative is the constitutional. The former—Dr. Shoop's Night Cure—is a topical mucous membrane suppository remedy, while Dr. Shoop's Restorative is wholly an internal treatment. The Restorative reaches throughout the entire system, seeking the repair of all nerves, all tissue, and all blood elements. The Night Cure, as its name implies, does its work while you sleep. It soothes sore and inflamed mucous surfaces, heals local weaknesses and discharges while the Restorative, enervates, excites, gives renewed vigor and ambition, builds up wasted tissues bringing about renewed strength, vigor and energy. ## A HALT IN THE WAR SCARE.

An International Conference Will Be Called to Consider the Bulgarian Situation—Austria-Hungary's Proclamation Today.

Constantinople, Oct. 7.—All immediate danger of war between Turkey and Bulgaria appears to be past. The

decision of the ministerial council after an all night session commits the government to wait the result of an appeal to the powers to take measures to insure the observance of the provision of the treaty of Berlin. A copy of the protest against the violation of the Berlin treaty has also been forwarded to Bulgaria, although many experts on international law say that Bulgaria's action does not constitute a violation of the treaty, as it has merely asserted its independence of foreign rule.

The sultan has sent a personal reply to Ferdinand's note announcing that Bulgaria had declared itself independent of Turkey. In his answer the sultan says that the rights of Turkey are guaranteed by the powers, and that therefore it is obliged to depend on them. It is understood that Russia has promised Turkey support.

The young Turks committee here has issued a statement saying that it regards the situation as grave and demanding extreme caution. It wishes to avoid war, but advocates, in addition to protesting to the powers, the inauguration of a tariff war against Bulgaria, the expulsion of the Bulgarian bishops from Turkey. If Austria carries out the annexation of Bosnia and Herzegovina, they advocate a general boycott of all Austrian goods and commerce, which would be a severe measure, as Austrian trade here is large.

The committee in Saloniki also issues a proclamation declaring that Bulgaria's declaration of independence and Austria's announced intention to annex Bosnia and Herzegovina are both violations of Turkey's rights. The committee protests in the name of humanity against the ill-feeling that is entertained by Austria-Hungary and Bulgaria toward a people which is progressing in the direction of liberty. The committee appeals to the public opinion of Europe against what it calls an attempt on the most sacred rights of a nation. The reported mobilization of Bulgarian and Turkish troops near the frontier is officially denied.

## THE TWO BIG BILLS MEET

"How Happy I Could Be With Either  
Were the Other Dear Charmer Away."

Chicago, Ill., Oct. 7.—W. J. Bryan and W. H. Taft, rival candidates for presidency of the United States, met tonight at the fourth annual banquet of the Chicago Association of Commerce. The meeting is said to have been the first of its kind since the Lincoln and Douglas campaign, preceding the Civil War.

Intense interest in the meeting had been manifested since it first became known that the two candidates were to meet in public, and every seat in three banquet halls at the Auditorium Hotel thrown together for the occasion, was occupied when the first course was served, save only a commodious chair reserved for Judge Taft. At the speaker's table when the speech-making began there were the following: LaFayette McWilliams, W. N. Higginbotham, John V. Farwell, Walter H. Wilson (representing Mayor Busse), Dr. Emil G. Hirsch, David R. Forgan, Mr. Taft, President Richard C. Hall of the Chicago Association of Commerce, John G. Schedd, Charles S. H. Wacker, President Kavanaugh of the Deep Waterways Association, T. P. Shonts and Don Farnsworth.

### Bryan and Taft Meet.

An ear-splitting shout gave warning of the arrival of Judge Taft. Mr. Bryan, in common with everyone else, looked toward the entrance. A huge frame, moving like a ship amongst a swarm of tugs, was moving slowly up the narrow aisle between two tables. Those at a distance occasionally could catch a glimpse of a smiling face, acknowledging greetings. A policeman in uniform and assistants in plain clothes aided in the progress of the distinguished guest. Mr. Bryan, who had ceased in the destruction of some sort of a chop suey masquerading under a French name, turned his head slowly as his political rival drew near smiling slightly.

### Hands Are Clasped.

The dramatic moment which had been anticipated with such deep interest was soon over. Mr. Bryan's hand awaited that of Mr. Taft. A single lightning pressure, a word or so which none could overhear because of the tumult, and the republican leader passed on to a chair at the right of Mr. Hall. The cheering continued for a minute or so after those at the speaker's table had taken their seats. At the first moment the noise subsided Mr. Bryan asked Mr. Taft if he "had a good day."

This display of friendliness on the part of the two candidates started the crowd to new cheering, and words being useless in the din, Mr. Taft stroked his throat for answer.

Then Mr. Taft laughed and the applause increased.

"What's the matter with Bill?" cried someone in stentorian tones.

"He's all right."

"Who's all right?"

"Bill's all right."

It took music by the orchestra and a song by the guests to restore a semblance of order.

### Speeches Are Non-Partisan.

When talking in ordinary tones became possible the two candidates entered into an animated conversation in which President Hall joined. The speeches of both Mr. Taft and Mr. Bryan were non-partisan. This was the wish of the Chicago Association of Commerce, which is a non-partisan organization.

Besides Mr. Taft and Mr. Bryan, the speakers of the evening were A. C. Bartlett, and David R. Forgan. Mr. Bartlett was the first speaker and Mr. Forgan was sandwiched between Mr. Bryan and Mr. Taft.

In introducing Mr. Bryan, President Hall said:

"As I look upon my distinguished associates on right and left I am forced to resort to the familiar protestation of the perplexed lover, 'How happy could I be with either, were the other dear charmer away.'"

brought to a commanding place in the eyes and regard of his countrymen a citizen of Nebraska. His life has been an honorable page from the day he received his degree from his alma mater to the hour of his choice as standardbearer of one of the great national parties by legions of enthusiastic countrymen.

"With the principles of an American he has sought and held leadership in a career of courage, fidelity and kindness.

"Millions accept his captaincy, the energy of his service, the purity of his patriotism. Gentlemen—Mr. Bryan."

### Mr. Bryan's Address.

Mr. Bryan was cheered to the echo as he rose to speak. Cheers and laughter followed the humorous touches that characterized his opening remarks.

"Mr. Chairman, Judge and Gentlemen: I appreciate the honor of being present on this occasion. I appreciate the generous words of the chairman in presenting me to you. I think it is a good omen when we can lay aside partisan feeling on an occasion like this and forgetting the things that separate us, I remember the things that more important than party are in the bonds of common citizenship. I think I can see signs of progress in politics. When I first began to run for president (laughter) there were no occasions of this kind. I think I note a larger charity, a broader liberality and a more kindly feeling than has some times prevailed in the past. Here the chairman of the representative committees meet, willing even in the heat of campaign to pause for a moment in the giving out of estimates. Here the treasurers of the respective committees suspend for a moment the investigation of business conditions of those who send in checks."

### Mr. Taft said:

"In a republic like ours, under popular control with the dual of government between the states and the United States, there are many politico-legal questions concerning the distribution of power under the federal constitution between the national government, and the state concerning the division between the executive, legislative and judicial branches of the government concerning the limitations upon governmental action in respect to the rights of individuals, undecided by some tribunal might easily lead to domestic turbulence. Under our constitution as early interpreted, not, however, without bitter criticism and opposition, the supreme court of the United States became ultimate arbiter in respect to most of such great political questions."

"I believe we generally agree that those might contribute to smooth working of our government and to the supremacy of law and order in our community and offer advantages over the methods of settling similar questions in other countries. But while we may felicitate ourselves on the discovery of a new instrument for preventing dangerous domestic controversies, have we the right to say that our present administration of justice as between individuals, as 'The evolution of politics has sures continued popular satisfaction."

## HASKELL AT WOODWARD.

Is Cheered to the Echo When He Hits Teddy.

Woodward, Ok., Oct. 7.—Today was Old Soldier's Day at the county fair and the special feature was the speech of Gov. Haskell. Special trains brought crowds from adjoining counties. He was introduced by Capt. B. B. Smith, who said:

"It gives me much pleasure to introduce to you my old friend and the only man that has had the nerve to make the Big Stick lie down and the best governor in the United States."

Loud cheering followed the introduction and it was several minutes before the governor could reply.

The governor said: "That kind of testimony sounds good, after reading the Roosevelt letters." (Applause)

He paid a tribute to old soldiers. "I am not much of a talker, and you must not expect a speech. You see I prefer to do things instead of talking about doing things, and you can understand why it is so easy for

President Roosevelt and myself to divide the work." (Loud applause.) "Roosevelt talks and I act.

"Now, if you believed what Roosevelt has said you would now be listening to the meanest man on earth. Roosevelt says that Hearst told him, and Hearst says that two Wall street brokers told him." I can't get any of those Wall street fellows to testify in my behalf. (Cheers.) I am your servant, and since I have been drawing a salary from the state my entire time has been yours. I may make some mistakes, but I did not make any when I went after Roosevelt. (Applause.)

"His original charge was that I was connected with the Standard Oil Company in Ohio, and when he was shown that this was not true, what was his answer? 'I will omit further allusion to the Ohio matter.'"

"I say to you that when he evaded the issue in this manner instead of coming out like a man and saying that he had wronged a fellow-man, that he lowered himself in the eyes of the American people, both republican and democrat. (Cries of 'That is what he did!') and thereby placed himself on the level with a ward politician. (Cheers.)

## Backing of Republicans.

"I want to ask you a question: Who in this crowd is chipping in to help defray the expense of these republican papers in their vilification of me? I have asked all over the state, and have not found a single farmer, laboring man or steady-going business man that is helping pay the expense, and this is all of the honest folks—then who is it? If it is the grafters and the trust boosters that I am worried for, I do not want to make any friends in that bunch. I told you last year if you would elect me governor I would go after this bunch, and I have." (Applause)

It was now 12:30 and the governor called the attention of the crowd to the fact, and they yelled, "Go on, governor," and an old soldier looked up and said:

"We will stay here just as long

as we do; we like a good fighter, which brought forth applause.

"They say that I am undignified; that I swear sometimes. Let me tell you something: If you had to sit in the governor's office all day and till 10 o'clock at night and have to get after one of those grafters every fifteen minutes and not swear sometimes you are all right. (Applause.)

"They are now getting control of most of the papers to fight me with, but I don't care if they get fifty; they will find me ready at all times to fight them. If what Son-in-Law Nick says is so, I will have sixteen years of pleasant time. He says that the family has arranged for Taft to hold the office eight years and then for papa to come back from his bear hunt and hold it eight years; so you see I will have sixteen years to go after him.

## Osage Oil Lease.

"The Osage Indian land oil lease was made by order of President Roosevelt for a price to the Indians what adjoining owners were getting at the same time, and made to a Standard Oil Company agent without consent or hearing allowed the Indians, and after Secretary Hitchcock had said the lease would be an outrage. Honestly, the president must certainly explain this."

The people are certainly with Haskell regardless of policy.

## NIGHT RIDERS IN OKLAHOMA

Hugo, Okla., Oct. 7.—Conditions obtaining in the gathering and marketing of cotton, particularly those involving the price of picking and the state of the market, are responsible for the organization of a clan of night riders who are operating in southeastern Oklahoma, northern Texas and western and southwestern Arkansas. A prominent cotton buyer at Sallisaw has received the following communication, signed "Night Riders:"

"We ask you to do one of two things, stop buying cotton or having it bought or raise the price. You run it over the farmers last year and you think you will again, but we will take your hide from a pick sack and leave the town by the light of halos of cotton on fire. We'll paint the old town red."

District Judge Denton at Paris, Texas, thus addressed the crowd upon the conveying of his term of court.

"If the night riders continue their operations in this country I will be long until they will wear the publishers of newspapers to stop issuing their papers in order to suppress any matter of importance in which they are interested. Further than this, the operations will extend even into the courts and literary institutions, and I think that something should be done at once to put a stop to all such classes. I have invited the present grand jury to look into any reported night riding and to make full investigations of them. They are getting too close to Lamar county for it to be overlooked."

## EVIDENCE AGAINST EVANS FAVORABLE.

Not Intoxicated, Testify Officers and Left Deck to Quell Fight.

Manila, Oct. 7.—The taking of testimony in the case of Lieutenant Frank T. Evans of the battleship Louisiana, courtmartialled on the charge of absconding himself from his post while officer of the deck, disrespect to superior officers and intoxication, was concluded today. There remains only the summing up by counsel and it is expected the proceedings will end tomorrow.

The chief contest by the defense was against the allegation of intoxication, and in this respect evidence is regarded as favorable to the accused officer. Surgeon Andrew R. Wentworth of the Louisiana and others testified that Evans, in their opinion, was not intoxicated.

Lieutenant Evans admitted, during the hearing, that he had left the deck while on watch, but presented evidence to show he went below to quell a slight disturbance.

## Real Opera House.

Harry Parks is converting his big Airdome which has seating capacity of nearly 100 people into a real opera house. By the end of the week it will be covered with iron roofing and the walls papered with heavy building paper. These additions will afford complete comfort and warmth to the theatre goers this winter. Mr. Parks states that he is perfectly confident that the improvised opera house supported by his big stoves placed appropriately therein will be comfortable for both players and audience.

## BEAR HUGGS BAY TO DEATH

Tuscon, Ariz., Oct. 7.—At Elysian Grove, a pleasure park near here, an immense black bear escaped from a cage and charged upon a throng of visitors. The animal had been raised in captivity from a cub and had been in the habit of being given soda pop at the bar. When he escaped he went there. It was driven out by the attendants, but returned, and when it was again driven away and an attempt made to drive it into its cage it became enraged and charged the crowd. The wife of a Southern Pacific employe named Buss Laird ran with a go-cart containing a year-old infant.

The bear pursued and snatched the infant and crushed it to death before its mother's eyes. It was attacking the woman when a shot from a policeman's revolver stopped it. The bystanders opened a fusillade and killed the bear with a score of bullets. The beast had been closely confined since a week ago when it attacked a small boy.

## HASKELL SPEAKS AT DALLAS TWENTIETH.

Special Oklahoma Train May Bear Large Crowd There.

Guthrie, Okla., Oct. 7.—Governor Haskell's acceptance of the invitation of the Bryan and Kern club of Dallas and of the Texas State Fair Association to deliver an address at the state fair grounds in that city Oct. 20 has served to create much interest in the event throughout Oklahoma, and it is probable that a special train from Oklahoma City will bear 1,000 enthusiastic democrats to Dallas on that day.

As soon as the date of the governor's coming to the Texas city had been published, towns all along the several lines of railroad running into Dallas from the north began to issue invitations to Governor Haskell to deliver addresses. Among them is Paris on the M. & K. T. road. The Bryan-Kern club of that city held a called meeting and issued their invitation. The members declare that they will be on hand to greet the governor if he accepts the invitation.

An infant child of Mr. and Mrs. V. K. Rogers was buried at Ponv last Friday. Mr. and Mrs. Rogers have the sympathy of the entire community.

Mrs. George Geiger's new residence is rapidly nearing completion. This is one of the new buildings that expresses faith in a bigger and better Francis.

Henry Phillips, who left Francis about a year ago and has been working in Arkansas since that time returned this week to become night foreman of the round house.

Mayor George Harrison of Ada was in Francis on Monday shaking hands with old friends and looking after business. George Harrison is one of Pontotoc county's brainy, honest men, who always stands for a square deal.

J. A. Mullen was succeeded Monday as accountant at Superintendent's office by M. S. Moss of Houston, Tex. Mr. Mullins has the same position he held here at Cleburne, Tex., and resigned here last week in order to accept the Texas job where he will work for the Santa Fe. Mr. Moss, his successor, comes well recommended and no doubt things will run as smoothly as heretofore.

## AN EDITOR KILLED.

Sabetha, Kan., Oct. 7.—Angered because a news item was printed in the Morrill News today, Perry Royer, marshal of Morrill, a town of several hundred persons, eight miles east of Sabetha, shot and killed J. H. Schmucker, editor of the News, and then committed suicide.

The shooting occurred in the main street at Morrill. As Schmucker went home Marshal Royer accosted him. The two men quarreled as they walked toward Schmucker's home. After they had walked a block Royer picked up a stone and threw it at Schmucker. Schmucker struck Royer with a bucket. Thereupon Royer shot and killed the editor. Royer then walked to his home and shot himself to death.

## MINERAL RESOURCES.

The Exhibit Made at State Fair By Prof. Gould of Geological Survey.

Oklahoma, Oct. 7.—One of the most attractive exhibits in exposition hall at the fair is the one showing the mineral resources of the state, prepared by the Oklahoma geological survey. Prof. Gould and his assistants have collected practically everything of interest in a mineral way found in Oklahoma. Few people realize the vast amount of minerals in Oklahoma.

The exhibit contains coal, oil, granite, limestone, sandstone, marble, glass sand, polite, brick, lead, zinc, salt, iron ore, asphalt, tripoli, gypsum, volcanic ash, illustrating the occurrence of these various minerals in the state.

One specimen that attracts much attention is a massive slab of selenite or transparent gypsum standing on edge near the center of the exhibit. The slab is four feet high, two feet wide and six inches thick. It is so clear that print can easily be read through it. There are a number of different kinds of gypsum, including the rock gypsum, a massive white rock, the selenite or transparent variety, the satin spar, a fibrous gypsum and the gypsite or earth gypsum. The great part of the wall plaster used in Oklahoma is made of earth gypsum.

There are eight mills in Oklahoma making plaster. Each mill makes from 50 to 100 tons of plaster a day. Prof. Gould says that if there were 100 mills and each one used 100 tons a day of gypsum, the supply in Oklahoma would last 30,000 years. If all the gypsum in the state were manufactured into plaster and the loaded into cars, the train would reach 2,100 times around the earth at the equator. There are 123,000,000,000 tons of gypsum in Oklahoma.

Another interesting exhibit is the salt. There are seven regions of salt springs in the state where water flows out of the ground that is so strong that two buckets of brine will make a bucket of salt. Very little of this salt water is being utilized, although there is enough going to waste to make 100 carloads of salt a day. The people of Oklahoma import all the salt they use and send their good money to other states to pay for what might be made at home.

The purposes of the exhibit is educational. Prof. Gould says that Oklahoma has more kinds of mineral and more mineral of a kind than any state in the union, but that only one-half of 1 per cent of it is yet developed. With the resources of Oklahoma are developed Oklahoma will be one of the wealthiest manufacturing states in America.

The Real Estate Buyer is "Wise." There are, always, in this city people who stand ready to buy any piece of real estate, in any part of town or suburbs, if the property and the price are both attractive. Once in a while an inexperienced investor will buy at a fancy price; but the great majority of buyers know values in real estate—they are educated in this one thing above others. And that means that if a real bargain in real estate is offered it will find quick takers. If the value is not there, the buyer is not apt to be found—and this is as it should be.

Of course, real estate in this city is not really "offered" for sale unless it is adequately advertised. Most people know this. Some people are learning it every week.

Rev. Dr. Smith Preached Great Sermon Last Evening.

The attendance and interest are rapidly increasing in the evangelistic services at the Presbyterian church on corner of 15th and Townsend. Dr. Smith's theme on last evening was, "Life's Essential Vision." From the beginning the close attention of the audience was an evidence that the minister had a message in which his hearers were intensely interested. Dr. Smith said that the world's achievements in its varied spheres of activity and accomplishments were the results of the visions of the past. This is clearly seen in both the history and science of all nations. He said Paul's vision—the essential vision included a vision of Christ of our opportunities, of encouragement, and of Heaven. He emphasized the importance of obedience to the vision of God which we have through Jesus Christ as the only means to true happiness here and an abiding hope in the hereafter.

There will be services tonight at the church at 7:30 and at the Desota tomorrow afternoon at 2:30. The seating capacity at the church has been enlarged. Every one has a cordial invitation to attend these services.

#### FORECAST BY CHAIRMAN MACK.

**Gold Democrats Returned to Party. Democratic Success Assured.**

Chicago Oct 6.—Notman E. Mack, chairman of the democratic national committee, told today why he believed Bryan would carry the state of New York in his re-election yesterday the democratic chairman of New York New Jersey Connecticut Delaware and Rhode Island into one class. With a million votes of his hand he is in a running race with the rest of the democratic candidates and until the election of a president his position is not a very strong one. Mack said he was asked to sign the reason why he so boldly claimed New York and this is what he said.

New York is a democratic state whenever the democratic party is united. This year the democratic party is more thoroughly united than in any former year more completely than it was in 1912. The republican party is divided. Every element in the party hates Hughes there is an element which dislikes Roosevelt and another element which dislikes Taft.

**"Gold Men in Line," He Says.**

"How about the gold democrats who went out in 1896 and remained out in 1900?" he was asked.

"They are back in line."

But is it true that the business men who are gold democrats are back? Mr. Mack was asked. "Does not that apply, as has been stated only to the democratic politicians who left the party in 1896?"

"It applies to all democrats. Let me illustrate. The democratic club of New York is composed of 1,400 members. In 1896 and 1900 fully 95 per cent of its members and its entire board of directors were opposed to Bryan. This year 95 per cent of its members are for Bryan and the other day its board of directors by a unanimous vote contributed from the treasury \$2,500 to the democratic campaign fund and in a few days will contribute \$2,500 more. What is true of the gold democrats in New York I know to be true of the gold democrats in my own city, Buffalo."

## Weak Women

To weak and ailing women there is at least one way to help. But with that way two treatments must be combined. One is local, one is constitutional. But both are important, both essential. Dr. Shoop's Night Cure is the local treatment. The Restorative reaches throughout the entire system, seeking the repair of all nerve, all tissue and all blood ailments. The Night Cure, as its name implies, does its work while you sleep. It soothes sore and inflamed mucous surfaces, heals local weaknesses and discharges while the Restorative, easing nervous excitement, gives renewed vigor and ambition, builds up wasted tissues, bringing about renewed strength, vigor and energy. Take Dr. Shoop's Restorative—Tablets or Liquid—as a general tonic to the system. For positive local help, use as well.
